## **EXPANDED COURSE DESCRIPTION**

### **Organization of the Course**

This studio course is a progression from Ballroom Dance I. The course is designed to review and further expand upon steps, dances, and style characteristics learned in Ballroom Dance I. Students will obtain a practical and theoretical understanding of some of the different forms of American (Social) style ballroom dance, with an emphasis placed on the use of ballroom dance steps, combinations, and dances, and how they relate to music. Ballroom dancing etiquette will be addressed, as will the techniques of leading and following.

### **Dance Attire**

In order to dance and move freely, appropriate clothing is required. Please wear comfortable, form fitting athletic clothing (nothing too loose). Hats and heavy shoes are unacceptable. Indoor non-marking dress shoes are preferred, though students may wear bare feet. Hair must be securely fastened away from the face. For your safety and the safety of fellow students, please refrain from wearing jewelry.

## **COURSE LEARNING OBJECTIVES**

### **Statement of Purpose and Learning Objectives**

The purpose of this course is to teach students American style intermediate ballroom dance technique. As this course is practical in nature, the majority of class time is spent learning ballroom dance technique. By the end of term the students should be able to execute dance routines in the dance styles covered in the course. For a further breadth of understanding, a brief overview of ballroom dance history is presented. The specific learning objectives of the course are that students will:

- understand and be able to execute the intermediate principles involved with American style ballroom dance
- demonstrate at least four different American style ballroom dances, as taught in class
- understand and be able to use the basic principles of leading or following
- be able to integrate music and dance

## COURSE TEXT / READINGS

### Selected Readings From:

Harris, Jane A. *Social Dance: from Dance A While*. San Francisco: B. Cummings, 2003.

Kraines, Minda G., Esther Pryor. *Jump Into Jazz*. Mountain View: Mayfield, 1996.

Rushing, Shirely, Patrick McMillan. *Ballroom Dance: American Style*. Dubuque: Eddie Bowers P, 1997.

## EVALUATION

### Essay

10%

A two page typed paper. A handout describing the specifics of the assignment will be distributed.

### Practical

70%

Students are evaluated on their retention and execution of ballroom dance technique, dances, and combinations. There will be two Practical Exams based on class material worth 35% each.

### Participation & Attendance

20%

Students are expected to participate fully. This portion of the grade also reflects attitude, effort, progress, and improvement. As dance training is cumulative in nature, regular attendance and punctuality are necessary for the learning process and as such are expected of the students in this class. Students must attend 80% of the classes or a failing grade will result.

## GRADING, ASSIGNMENT SUBMISSION

### Attendance

To receive credit for a practicum course a student must attend and actively participate in a minimum of 80 percent of classes for the course. When full participation is not possible, accommodation agreements may be reached with the student (complete classes missed in next term, individual testing, etc.). The following absences are allowed:

- 24 hour course, 2 hours per week for 12 weeks, students allowed 4 absences

Students are expected to participate in every class. Students may miss two classes without penalty and be late twice without penalty. Absences in excess of one per term can result in a grade deduction of 2% per occurrence. Lateness in excess of two per term can result in a grade deduction of 1% per occurrence. Early departures are treated as a late and can result in a grade deduction of 1% per occurrence.

If a student is injured or ill, obtain and submit a hard copy of a doctor's note. Students will not have a grade deduction for absences accompanied with a doctor's note and for other University approved reasons for absences (religious accommodation, compassionate grounds, etc), however all absences contribute to the overall number of absences allowed to pass the course. All attendance related grade deductions are compiled to a maximum of 10% off a student's grade.

In the event of an absence or limited participation, **all missed material is to be learned prior to returning to class.**

### Grading Scheme

The grading scheme for the course is A, B, C, Pass, and Fail (e.g. A = 80 to 100%, B = 70 to 79%, C = 60 to 69%, F = below 59%). Assignments and tests will bear either a letter grade designation or a corresponding number grade. For a full description of York grading system see the York University Undergraduate Calendar.

**Physical Demands**

This course will include elements that are physically demanding. Prior injuries can be aggravated by strenuous exercise so check with your physician and inform the Course Director before beginning the course. Be sure to share with the Course Director any changes in your injury or health that may impact your participation.

This course also includes human contact (i.e., correction of alignment or technical execution as well as the contact with colleagues). Students uncomfortable with the use of touch are requested to relay their feelings to the Course Director as soon as possible.

**Assignment Submission**

Proper academic performance depends on students doing their work not only well, but on time. Accordingly, assignments for this course must be received on the due date specified for the assignment. Assignments must be handed into the Course Instructor during class time. Alternate arrangements may be considered on an individual basis and must be agreed upon by the Course Instructor in advance of the due date.

**Lateness Penalty**

Assignments received later than the due date will be penalized. The penalty is 5% per day that the assignment is late. Exceptions to the lateness penalty for valid reasons such as illness, compassionate grounds, etc., may be entertained by the Course Instructor but will require supporting documentation (e.g., a doctor's letter).

**Missed Tests**

Students with a documented reason for missing a course test, such as illness, compassionate grounds, etc., which is confirmed by supporting documentation (e.g., doctor's letter) may request accommodation from the Course Instructor. In such cases, tests may be rescheduled and/or alternate arrangements may be made on an individual basis. Further extensions or accommodation will require students to submit a formal petition to the Faculty.
